THE STEWART CASE.

The case of Wellington Stewart vs. The City of Carson, for damages sustained by his wife in falling over a cistern cap, came up before the District Court yesterday. The plaintiff claimed \$7,000. The accident occurred on the 19th of October last and was fully described at the time in the APPEAL. Mr. Stewart then presented a claim of \$500 to the city, which the Board of Aldermen reported. One attorney was paid \$230 to give an opinion in the case and another was paid \$300 to defend it. Last night Judge King announced that he would not suit the case unless new authorities could be produced to show good reasons why he should not.

THE BASEBALL GAME.—On Sunday last the Resolute of Virginia played a baseball match with the Amities of this city, at Treadway's Park. It was in all probability the most exciting game of baseball ever contested on the turf of this city and drew a large crowd of spectators. The interest manifested was so intense that old Farmer Treadway, who dispenses baseball as a "catalant," secured a front seat to watch the game. The field presented a fine appearance, each man being arrayed in an attractive uniform which showed his shape to the most decided advantage. When Roxbury made his first hit, which was a foul, five hundred people held their breaths to see where the sphere would finally land, and Vic. Muller, who was just lifting a glass of beer to his lips, left the cup untouched until a catch was made by Clarke. For the next two hours the yells arising from the players and spectators could be heard to the St. Charles Hotel. It is estimated that some of the players ran two hundred miles, chasing balls to left field and running bases, while the sun was pouring down with the thermometer at 93. When the game closed the Carson club won by a score of 8 to 7. The score was immediately telegraphed to Sam Tilden by the losing club and his advice asked. The games in future will not be started before 1 o'clock, thereby giving the Sunday School children ample time to be on hand. While so much muscle and energy is being expended for nothing would it not be a good idea to charge 50 cents admission and devote the proceeds to the Orphan Asylum or some other benevolent institution?

THE CIRCUS.—To-morrow, Coles grand congregate show by which we mean his overwhelming and absolute congress of wonders, will open at Treadway's Ranch. They will give an afternoon and evening performance illuminated by an electric light of the Edison pattern which is so powerful as to make the dresses of the tight rope dancers appear absolutely transparent. The famous jibberwock, untamed as the day he was taken from the jungles of Africa, will be shown at each performance and will sweat blood in the evening at 7:30. The celebrated contortioning giraffe will tie his neck in a double bow knot and untie it with his teeth in three minutes. This is a trick animal maintained by no other circus in the world except Coles X X X. Don't forget the brand, and all others without his trade mark stamped on the cork are bogus. The rhinoceros with the silver plated horn (natural growth) has been pronounced by most competent judges as one of the eight wonders of the world (ninth and tenth wonders barred.) Coming down to the plain English of it, the circus which has been so highly spoken of by the press of Virginia, Reno and Eureka will open here to-morrow and it is said to be the only circus combination in existence of which P. T. Barnum once remarked that he would give \$50,000 to see fall through a suspension bridge and go out of existence. The seats are so comfortable that those who attend imagine that they are sitting in a theater.

NEW PATENTS.—Dewey & Co's Scientific Press Agency has received official notice of the issue of the following patents to Pacific coast inventors, for the week ending August 10, 1880:

231,007, R. M. Catlin, Tascorora, Nev. air compressor; 230,865, A. Y. Esterly, Napa, Cal., cement; 231,191, J. L. Rodnick, Pataluma, potato digger; 231,103, J. Reichenbacher, Virginia, Nev., indicator; 231,126, Webb & Myrick, Stockton, Cal., mirror holder; 231,842, J. Withers, Carson, toughening compound for fabrics, tapes, etc. 231,844, R. Matthal and C. A. Clinton, S. F. station indicator.

AN ACROSTIC.—A young lady sends the APPEAL a thrilling account of the death of her pet canary bird Buttercup and accompanies her note with an acrostic. We fully appreciate the lady's sorrow for her lost bird but decline publishing the touching acrostic from a desire to spare the readers of the paper from the additional grief which the poem would be sure to cause. The bird was buried at half past 10 o'clock on Sunday morning in the back yard with a ritual improvised for the occasion.

SMALL SCORES.—The following score was made at Glenbrook on Saturday at the 200 yard target: Ryan, 42; McConney, 32; Knowles, 30; Melosh, 42; Smith, 42; The Glenbrook men will have to pull up and make better averages than the above. Our correct on lent is requested in future not to send scores down as low as 32 and 30, as it gives the State a bad name.

EASTERN.

Heavy Immigration.
WASHINGTON, August 21.
During the year ending June 30, 1880, 657,243 immigrants arrived in this country. In 1873, the year of the greatest immigration, there arrived but 459,803 immigrants. There was therefore an increase last year of nearly one-third more than in any preceding year. During July last 49,922 immigrants were landed in the United States, of whom 11,000 were from Germany, 6,000 from Ireland and 5,000 from England.

A Minnesota Blaze.

ST. PAUL, August 23.
Averill, Russell & Carpenter's paper warehouse and H. Kelly's wholesale grocery, on Third street, were burned to the ground early this morning, the fire defying the firemen and burning with incredible swiftness. It is estimated that a man was killed by falling walls. Kelly's loss is \$400,000; insurance, \$300,000.

Killed in a Fight.

BURLINGAME, Kan., August 23.
Westley Thomas was killed and William Baker mortally wounded in a fight between Thomas and another negro named Thomas Smith last night. There was a woman in the case.

Probable Gains and Losses in Representation.

NEW YORK, August 23.
The Herald has a long article going to show that the new census demonstrates that the great South is passing out of existence as a political factor. According to its figures the following States will lose representation: Alabama, Florida, Georgia, Louisiana, North Carolina, South Carolina, Tennessee, Louisiana, Maine, New Hampshire and Vermont one each; New York three, and Pennsylvania and Ohio two each. The following will gain: Missouri one, Texas three, Michigan one, Iowa two, Wisconsin one, Minnesota two, Nebraska one, Kansas three, California two and Oregon one.

Street Car Passengers Robbed.

NEW YORK, August 23.
About 4 o'clock yesterday morning five thieves boarded a Third Avenue car on the Bowery, near Spring street, and first robbed Parker, the driver. When the conductor came to the forward platform to collect their fare they rushed into the car and, drawing revolvers, robbed several passengers of their watches and money. One passenger was lifted bodily out of the car and knocked down and kicked in the street.

Fouled Guilty.

DEADWOOD, August 23.
The jury in the case of ex Postmaster R. O. Adams, charged with the embezzlement of nearly \$12,000, brought in a verdict of guilty. Adams will probably give bail and appeal the case to the Territorial Supreme Court.

The President Coming.

WASHINGTON, August 23.
R. B. Hayes will leave here for his Pacific coast tour next Thursday. He will probably visit Virginia City and Carson.

PACIFIC COAST.

PORT TOWNSEND, W. T., August 23.

Arizona News.

TUCSON, August 23.
Chas. Moroney son of Paul Moroney, was caught in the betting in the Hanshaw mill last Sunday his left leg was badly crushed. He died in three hours.

Heavy storms prevailed throughout southern Arizona; several cloud bursts last Saturday doing considerable damage to the railroad.

The Hanshaw mill in the Patagonia district is turning out bullion, running on low grade ore, that will produce \$150,000 monthly. Rich strikes have been made on the 1630 level in the Altar mine, Hanshaw district. Pay streak 28 inches, very rich.

A Small Revolution in Sonora.
SAN FRANCISCO, August 23.

Special advices from Tucson state that Reyes and his band left Sonora on Thursday and while marching toward Tubulama he was attacked by Federal troops, and 18 of his men killed, the rest being routed. On Saturday the same party had fight with the Federal troops at Altar, and were routed and pursued into Arizona. Four rebels were killed, in a fight at Alas, near Wilbur's ranch, two miles from Arizona, where they took refuge. Government troops surrounded the house and demanded the rebels, but the employees of the ranch refused. They returned to the border for instructions, saying they would return. In the meantime word had been sent to Arizona and Deputy Sheriff Elliott, with thirty citizens, went to Wilbur's and took the rebels, eleven in number, prisoners. This afternoon Reyes was seen coming into Tucson accompanied by five men. U. S. Marshal Evans is now out with a posse of citizens to aid the Mexican authorities.

FOREIGN.

Will Remain Single.

LONDON, August 23.
Society is still excited about the Baroness Boardett-Coutts's wedding, which was looked

for three days ago at the Savoy Chapel. An enormous crowd assembled there and was dispersed by the police amid groans for the Baroness, who would have been pelted in true British fashion had she appeared. It is now thought the wedding will not take place, and that the Baroness will yield to the advice that she receives.
